EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Dippert on November 15 2004.

The application has been amended as follows:

Claim 11 was canceled and replaced with:

--- A keyboard for inputting characters from character sets, the keyboard comprising a plurality of touch areas arranged in groups, each group bearing a specific character set, wherein each character set is in the form of a master letter, each character set including a plurality of parts, said each part being at least a portion of the graphical representation of a character, each part assigned to a touch area, wherein each touch area corresponds to a character from the specific character set and is aimed at solely inputting that character. ---

In claim 13 line 1, the word "set" was deleted and replaced with --sets--.

In claim 13 line 2, the word "comprises" was deleted and replaced with --comprise--.

In claim 14 line 1, the word "set" was deleted and replaced with --sets--.

In claim 14 line 2, the word "comprises" was deleted and replaced with --comprise--.

In claim 15 line 1, the word "set" was deleted and replaced with --sets--.

In claim 16 line 1, the word “set” was deleted and replaced with –sets--.

In claim 16 line 2, the word “comprises” was deleted and replaced with –comprise--.

In claim 17 line 1, the word “set” was deleted and replaced with –sets--.

In claim 17 line 2, the word “comprises” was deleted and replaced with –comprise--.

These changes were made to more accurately recite the claimed invention.

Reasons for Allowance

2. The following is an examiner’s statement of reasons for allowance:

Claim 11 was allowed because the prior art of record does not teach or render obvious the total combination claimed, including a keyboard wherein each character set is in the form of a master letter, and wherein each touch area corresponds to a character from the specific character set and is aimed at solely inputting that character.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
